### Product Description

Our lifelike artificial trees remain green & lush all year round. They require almost no maintenance, don't need to be watered, and are particularly well suited to areas with no natural light where live indoor trees struggle to thrive. Whether bought on their own or paired with one of our stylish pots, these trees are a great way to bring a splash of green to your home, office, or public space. *Please note that this item is sold as-is from our showroom. No refunds or exchanges will be considered. This item is available immediately.*
